ARIZONA STATE TAX CREDIT

The form below will allow you to donate to the extracurricular activities of your choice at any school in the District.

ARIZONA TAX LAW

- ARS 43-1089.01 allows married couples filing jointly to take up to \$400 in tax credit or \$200 for singles if they donate to extracurricular activities in public schools.
- This tax credit is available to all taxpayers, even if they don't have children in school.
- Contributions are donated directly to the school, not to the state or even to the district.
- Though contributions to public schools have always been tax deductible, a tax credit is subtracted from the amount of taxes you owe.

WHERE MONEY GOES

- Contributions may be designated to an extracurricular activity of your choice.
- Organizations can use the money to provide transportation, equipment, uniforms, improving facilities for that organization's activities, paying volunteers for giving their time to the organization, etc.

EXTRACURRICULAR

- Any before or after school activity that requires a fee for student participation qualifies as an extracurricular activity.
- These include: athletics, intramural activities, clubs, organizations or after school field trips.
- Contributions may be divided among different extracurricular activities to total up to \$400 for married couples filing jointly or \$200 for singles. This means you can donate to more than one organization and to more than one school.
